cannot be expected for every trip. Sooner or later you are bound to meet with bad roads, bad weather and tire troubles. Then you will be glad to know about our in

Automobile Tire Vulcanizing

We do thorough work in this line and can often save you the price of new shoes.

R. Smallwood & Sons
Blairmore, Alberta

Blairmore Lodge, No. 68, meets in their Hall, Victoria St., every Tuesday at 8 p.m. Visiting brethren welcome.
FRANK ZILLI, N.G. J. B. HARNEY, R.S.

CROW'S NEST ENCLAMMENT NO. 8
Meets in the I.O.O.F. Hall every second and fourth Tuesday, following subordinate lodge meetings.
J. B. HARNEY, C.P. W. J. BARTLETT, R.S.

Swing to the fire, arrangements have been made to hold all meetings in the Masonic hall until further notice.

Some people manage to make a little thing go a long way by stretching it.

Mr. and Mrs. Cardoso and daughter Dorothy, of Frank, are on a visit to relatives in Buffalo, N.Y.

Blairmore Will Celebrate Peace Day

At a meeting of citizens held in the town office on Saturday evening last, it was decided to undertake to arrange a peace celebration for Blairmore and committees for that purpose were appointed. A programme has been outlined, which in part will be as follows: Citizens of Coleman, Bellevue, Hillcrest, Frank and Blairmore will form in procession for one great demonstration. Parade will start from Blairmore and Coleman at about 9:30 a.m., and rendezvous at McLaren's Mill to proceed to Coleman, where patriotic address will be delivered. From Coleman the procession will proceed to Frank and back to Blairmore where after listening to several prominent speakers the procession will disband for luncheon. It is hoped that at least one hundred autos will take part in the procession.

In the afternoon a programme of sports, including baseball, football and other events, will be pulled off on the athletic grounds. Elaborate prizes will be awarded. A dancing pavilion will be operated on the grounds during the afternoon and night. The Coleman town band will attend the forenoon parade.

Macleod baseball team will be on hand in full strength to try conclusions with the local aggregation, while Coleman and Blairmore teams will play football.

It is expected that all neighboring towns will be despatched on Saturday and that Blairmore will be crowded with holidaymakers.

This day's doings will be in charge of the following committee: Finance—J. G. Ewan, J. E. Gillis, W. J. Bartlett; Sports—A. Moroney and James Turnbull; Parade—David Kamp, W. J. Fisher, Joseph B. Harney. Secretary—W. J. Fisher.

Street Parade

Harvey's Greater Minstrels will make a very attractive street parade introducing several novelties. The wardrobe consisting of purple and burnt orange, Skinner satin coats with hats to match, present a "Bizzly" effect while the trombone, tuba, etc., of the American furnishes comedy in the street. Not all the company participate in the parade, as such people as the stage mechanics, the Creole Beauty Chorus and others are busy with the wardrobe and effects. This company will be in the Blairmore Opera House on Wednesday July 30th.

New Bellevue Livery And Auto Service

Messrs. W. Miller and F. W. Ulley have taken over the livery stable and auto service of R. D. Evans at Bellevue and are prepared to cater to the livery business in all its branches. Good outfit and prompt service and reasonable rates are promised and we bespeak for Messrs. Miller and Ulley success in their new undertaking.

Change in Train Service

Effective June 1st, 1919. There will be a general change in train service.

Peace Day In Canada

Concluding an address before the Canadian Club at Vancouver on a luncheon given in his honor, Lt.-Col. Purney, Dominion President of the Great War Veterans of Canada, said: "Overses we used frequently to hear that song 'There's a long, long trail awaiting the land of my dreams.' The G.W.V.A. are determined that this Dominion of ours shall be the land of our dreams, the land we have hoped for, the land we are prepared to live and strive for. We realize that it is not easy road to travel that will bring us to our goal. Through trial of sacrifice, body, will and soul alone can we reach it—there is but one road."

These noble and inspiring words are what was to be expected from the leader of that brave and gallant body of men who fought for and saved Canada when everything that our people held dear was threatened and in danger of being lost to us. Thousands of their comrades gave their lives for the great dream of a finer, better Canada in the future; other thousands will go through life maimed and carrying wounds; and all made sacrifices and suffered to a degree that no one except those who went through the awful inferno of the war can understand. These men are determined that their losses, sufferings and sacrifices shall not have been made in vain.

Canada's returned soldiers are the nation's greatest asset, and for many years to come their influence will be one of the determining factors in shaping national policy and establishing our national ideals. It is well that those ideals should be high and altogether worthy.

But what of those other thousands of Canadians who did not experience the comradeship of the trenches, nor place their bodies in the path of a ruthless and arrogant foe? They too, must be animated by the same grim determination to make Canada the land of their brightest, fondest dreams—a land of hope and glory, where all men are free and equal and where peace and prosperity reign.

How can Canada be elevated to such a proud and happy position? Only by the loyal service and patriotic self-sacrifice of the Canadian people. Nature has endowed our Dominion with riches almost beyond the dreams of avarice. Few countries in the world have been so richly blessed, and it only remains for the Canadian people to wisely administer and develop the wonderful resources nature has provided to make this Dominion a peer among the nations.

To make dreams come true there must first be greater unity in thought and purpose among the people of Canada than has heretofore existed. There must be less of race discord and religious bigotry. We must learn and appreciate the fact that all men are brothers, and that whatever may have been our antecedents, our mother tongue or faith, here in Canada we are Canadians, subjects of the world's greatest empire, joint heirs to one of nature's greatest storehouses of happiness and wealth.

There must be less of looking askance at fellow citizens because by the accident of birth they first saw the light in some far-off portion of the world, or because by that same accident they were brought up to worship God through different forms. There must be less of suspicion and more of sympathy; less of antagonism and more of co-operation.

In the second place, there must be

determination and a united effort on the part of all to assure to the boys and girls of Canada—the hope of Canada—the best possible education regardless of their present condition and place in life. The governments of our three prairie provinces are all striving to raise the standard of education, and are making special efforts in behalf of the children of our non-English speaking settlers. But while governments can do much by law and administration, their efforts will be only partially successful unless there is hearty co-operation on the part of all the people.

Again, public spirited men and women everywhere throughout this broad land should lend their assistance and give every encouragement to all movements designed to develop the right kind of a community spirit, to remove causes of friction and estrangement, to bring about a sense—in a word, to make one and all feel that they are members of the great Canadian family, and that, while they have rights and privileges to enjoy and which will be respected, they also have duties to perform and responsibilities to discharge to their adopted country and fellow citizen.

Saturday, July 19, has been set apart by His Majesty the King as a day of general empire rejoicing for the victorious peace which under God has been vouchsafed to the empire and its allies in the great war. Every Canadian citizen should join heartily with the Great War Veterans on that day in their patriotic determination to make Canada the land of their dreams, and should consecrate themselves to the task unmindful of the sacrifices and the hard service which may be involved. Peace Day in Canada should be a day not alone of reconstruction, but of regeneration.

The War Ideas

Farmer Smith was painting his barn battleship grey; and every so far he would mark off a fake window and smear black stripes down it.

"Are you crazy, Jim?" asked a neighbor, "what you doing that fer?"

"Cannymfage," was the prompt answer, "at a distance of fifty foot tramps will think it's th' county jail, Believe me, I'm larmin' something new from th' war every day." —Hoards Dairymen.

Gladness is appreciated only by those who know what sadness is.

How You Can Tell

Genuine Aspirin

Only Tablets Marked With "Bayer Cross"—Are Aspirin

There is only one Aspirin, that marked with the "Bayer Cross"; all other tablets are of acid imitations. Look for the "Bayer Cross!" Then it is real Aspirin, for which there is no substitute.

It is not German, but is made in British and American colors, a hat-chet was buried with ceremony by 400 Masons from Victoria, B.C., Friday Harbor, and Bellingham, at English Camp, San Juan Island, the scene of complications which threatened war between Great Britain and the United States in 1859. As the hat-chet was placed in the ground a star bearing on its apex a white dove, typifying peace, was raised over it.

A feature of the program was the "wedding" of the Stars and Stripes and the Union Jack on the flag of the old English blockadeade to the "compatriots of 'America'." O Canada," the "Star Spangled Banner" and "The Maple Leaf For Ever," by a band and the assemblage.

"Scrap Of Paper"

Extortionate Pressure Renders Signature Worthless Says a German Worms

Berlin.—The Berlin Vorwärts, majority Socialist organ, described the peace treaty as "a scrap of paper."

"Extortionate pressure renders signature of the peace treaty worthless," said the Vorwärts.

"We must never forget it is only a scrap of paper."

Treaties based on violence can keep their validity only so long as force exists. Do not lose hope. The resurrection day comes."

The Prussian Kreuz Zeitung, in an editorial headed "Finis, Germany," declared that "it is our duty not to permit the Prussian spirit to be crushed."

Bolshevism Has Failed

Russia May Yet Be Great and Prosperous

The scheme of Bolshevism does not work.

The nationalization of all industries is a fiasco. The Communist ideal leads—as it led in the state factories of revolutionary France—to misery and ruin. At last even those who lead realize their country's urgent peril. The led—the workers on whom experiments have been tried to make men long been weary of it again. Now the appeal goes out for capital to rescue Russia and the foreigner to come in and save Russia. It may not be too late—so long as Bolshevikism and the czarist creed are overthrown in time, Russia may yet be great and prosperous. But the clock has been put back and blood has flowed like water in learning what saner people know well enough. —London Daily Express.

Rainbow chasers get at least a run for their money.

WEAK MOTHERS REGAIN HEALTH

Through the New Blood Dr. Williams' Pink Pills Actually Make

No mother should allow nervous weakness to get the upper hand of her. If she does, she will neglect her work in the home and torment her in body and mind. Day after day spent amid the same surroundings creates depression. But there are other causes, as every mother knows, that tend to make her nerves run down. A change of way, diet, and exercise, so as to give the nerves a better tone. But rest and change are often impossible, and it is then that a worn-out woman finds freshening and depression. But Dr. Williams' Pink Pills, which make new blood, rich with the elements on which the nerves thrive. In this way, the woman regains health, increased energy, new animation and steady nerve. There is a lesson for other women in the case of Mrs. Harry C. Sulzer, Wilson, Ont., who says, "Five years ago my babies were born, and I was left very weak and miserable, hardly fit to do anything. The doctor gave me medicine, but it did not help. Then I tried another doctor, but with better results." One day I went home to my mother, telling her how terrible I felt and that the doctor medicine had not done me any good. Mother asked me, why I did not try Dr. Williams' Pink Pills, and as I was glad to try anything that might help me, I took them. I was soon well again. The doctor gave me another prescription, but it did not help. When I took Dr. Williams' Pink Pills, I was used there was no doubt they were helping me, and I got three more bottles. By the time the fifth bottle was used, I was entirely cured, and never felt better in my life. Now when I hear people talk about taking weak or bad medicine, I always recommend Dr. Williams' Pink Pills, and tell them what they did for me, and, in similar cases I shall continue to recommend them. Out of order, take Dr. Williams' Pink Pills, and note the speedy improvement they make in the appetite, and in the spirits. You can buy them through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from Dr. Williams' Medicine Co., Brockville, Ont.

The moralist no more thinks of putting all his ideas into practice than the shomaker does of wearing all the shoes he makes.

Worms in children, if they are not attended to, cause convulsions, and death. Major Gray's Worm Extortionate will prevent the affliction from these distressing affections.

Buried Hatchet

At English Camp

"Wedding" of the Stars and Stripes and the Union Jack

If You Don't See the "Bayer Cross" on the Tablets, Judge Them—They Are Not Aspirin

Bellingham, Wash.—Wrapped in British and American colors, a hat-chet was buried with ceremony by 400 Masons from Victoria, B.C., Friday Harbor, and Bellingham, at English Camp, San Juan Island, the scene of complications which threatened war between Great Britain and the United States in 1859. As the hat-chet was placed in the ground a star bearing on its apex a white dove, typifying peace, was raised over it.

Taxation of Land According to Value A Better System Than That of Levying Taxes On an Acreage Basis.

With a rate of taxation amounting to about \$2.00 per quarter section was the total tax required to be levied on the lands in the Province for provincial or municipal purposes, the fact that these taxes were levied on a flat rate of so much per acre, regardless of the value of the land, did not cause any particular complaint; as while it was not a fair basis of taxation, the amount of taxes payable on each quarter section was so small that no particular hardship was caused, and the fact that a man owning a quarter section worth about \$1,000 paid as large a tax as a man owning a quarter section worth \$4,000 was not given much consideration. As the years went by, however, it became necessary to raise the rate of taxation and to levy additional taxes. With increased taxation it became very evident that the levying of taxes on an acreage basis was not fair. It is admitted that it is impossible to levy taxes on an absolutely fair basis, but the increasing of the amount of taxes payable on a quarter section made it clear that a system of taxation whereby a quarter section worth only about \$1,000 was taxed as high as one worth \$4,000 was not just. Under such a system of taxation, taxes are not levied in accordance with the ability to pay. At a rate of say 10¢ per acre, a man with a quarter section worth \$1,000 pays \$10.00 taxes, so does the man with the quarter worth \$4,000. That is to say, with the greatest ability to pay, pays only one-tenth of the taxes as his poorer neighbour who has land worth only one quarter as much. That is for the purposes of taxation, the value of the property owned by the man with the poorer land is rated much higher than its real worth, while in the case of the man with the more valuable land, his property is rated at much less than it is worth.

In considering the merits of any system of taxation, the matter must be approached from the standpoint that taxes should be paid according to the ability to pay, and looking at it in this way, there does not seem to be any sound argument in favor of levying taxes according to value, rather than on an acreage basis. This principle having been recognized in connection with taxes levied directly or indirectly for the benefit

of the Province at large, the different acts through which the Province derives revenue from taxes on lands were arranged at the last session of the Legislature by legislation introduced by the Minister of Municipal Affairs, and that beginning with the year 1920, all taxes levied in the provinces, either directly or indirectly, will be levied according to the value of the land, and not according to the area; that is, all taxes levied on lands outside of organized School Districts under the Educational Tax Act, taxes levied on all lands in the Province under the Supplementary Revenue Act, taxes levied on lands outside of organized Municipal Districts under the Improvement District Act and taxes levied on lands subject to taxation under the Wild Lands Tax Act will be levied according to the value of lands taxed. The only exception will be the taxation of lands leased from the Dominion Government, and in these cases the taxes will still be levied on an acreage basis, but as the rate is low it does not create any great hardship.

In preparation for this work, all lands outside of organized Municipalities are being visited under the direction of the Minister of Municipal Affairs and Municipal Districts which are not already levying their taxes according to land values, will be required to value all their lands for the purpose of taxation under the Supplementary Revenue Act next year.

The basis of taxation is the cash value of the land without taking into account any improvements made upon the land by the expenditure of capital labor. In working out this cash value there are only three matters which are required to be taken into consideration; namely, first—the nature of the soil; second—the nature of the surface—whether it is broken by ravines, coulees, timber and so on; third—the distance of the land from a shipping point.

As the comparative values will only change under exceptional circumstances, as for example, where a new railroad comes through the locality, and as this is the third and last consideration, it will be noted that once a value is fixed, there will not be very much change for several years. This being the case, provision has been made for a valuation by Municipal Districts only once in every five years, thus reducing the work and expense in connection with the levying of taxes. The first valuation under this scheme will be the valuation in the year 1920, the next in the year 1925, and so on. Provision has of course been made for the valuation in any year of land which becomes liable to taxation during that year, so that the fact that the general valuation is only made every five years, will not exempt land from taxation.

Health Inspection In Schools School Boards Should Get Busy Fee Charged Is Very Small and Will Have Far-reaching Effect on the Health of the Coming Generation.

It is of prime importance that School Trustees should avail themselves of the services of the Public Health Nurses, who, henceforth shall be stationed in different centres in the Province to conduct child welfare stations and to in-

spect the children attending school. At present for years it has been optional with the Trustees in rural school districts to have medical inspection of the children attending school, but a small charge of 10¢ will make this work more general and at the same time to reduce the expense to School Districts. Registered Nurses, by means of a special course of instruction given at the Provincial University, are being qualified to do this work. In the various cities, towns and villages throughout Canada where there is inspection of schools by doctors and nurses, about forty percent of the children are found to have ailments that are prejudicial to health. Although the Legislature did not make such inspection compulsory in rural schools, it is inconceivable that any board within striking distance of where a Nurse Inspector is located will do anything except send a request at once that the school be inspected. The Department of Health is bearing about one-half of course be sent each year.

With a change from an acreage sys-

tem of taxation to one according to value will cause extra work; masters will soon adjust themselves and there should be no difficulty in administering a system of taxation along these lines. The fairness of taxation according to value will, if the matter is given due consideration, appeal to all fair-minded people as a better system of taxation than the acreage system which makes the owner of poor land, generally speaking, the owner of good land, who is generally a wealthier man and better able to pay.

One of the main objections to taxation of land according to value is arising from the fact that many land owners are under the belief that if taxes are levied according to value, the owner of the land will have to pay taxes on the value of the land together with the value of the improvements placed upon it by hard labor and expenditure of money. Such, however, is not the case. All provisions in the laws of the Province in regard to taxation of farm lands require the valuation of these lands for taxation purposes to be based on a raw land basis and there is to be on the assessed value of lands based on the expenditure of labor or money. That is, a man who improves his land by cultivation, building of fences and putting up of buildings is not punished for so doing by having to pay taxes on such improvements. Raw land values being equal, the owner of unimproved land has just as large a tax to pay as the man who improves his farm and if he is making no use of his land, has, in addition, to pay a Wild Lands Tax.

Prof. Oster, recently addressing the Academy of Medicine in London, England, said: "If I were asked to say whether more physical deterioration was produced by alcohol or by defective teeth I would say defective teeth."

19 school trustees are in any doubt as to the beneficial result of the inspection of their schools by the Inspector, they are advised to write the Superintendent of any school thus far inspected! There were only four such nurses herefore qualified. They inspected a number of schools last year, and these, among others: Coledale Consolidated, Crystal Lake, Beaver, Pioneer, etc., near Lebridge, Scotfield Consolidated, Rainbow, Keyte, and others near Youngstown; Killam, Poplar Park, Asquith, etc., at or near Killam, Centre,

New Manville, Bowling Green, etc., at or near Vermilion.

Several towns and villages are now operating with the trustees of the surrounding districts so that a nurse may be engaged to inspect the schools and give health talks in every district. The Minister of Health has found that, while the fee of from \$10 to \$25, according to attendance, is considered very reasonable by rural school districts, the straight maximum charge of \$25 per room in the towns and villages is considered excessive, and the Minister agrees that it is excessive. He has therefore written all parties interested and stated that for their effort in co-ordinating the work that to any town or village that secures co-operation of at least ten rural school districts, that is inspection and furnishing transportation for the nurse, he will allow such town or village a deduction and the amount such town or village will be required to pay will be \$20 for the first room and only \$10 for each other room. Thus in a dry-van village or town school the payment will be \$30, net.

The Minister holds that he can observe the Statute by giving the trustee a receipt for the amount, \$10, and service rendered. Departmental and similar in all cases, no matter what is the number of rooms. It should be clearly understood, however, that no nurse will be placed at any centre to do child welfare work, except in connection with school inspection.

The average parent in the Province is alive to the necessity of thorough inspection of all school children, lest one of his children may be desk-plate to a child afflicted with a communicable or other disease. In some school districts it has been found that there are forty rate-payers and only a few children attending school, therefore the minimum fee of \$10 applies and therefore the cost to each rate-payer is but 25 cents. It seems quite clear that as to any trustee who does not benefit himself and immediately arrange to have his school inspected, his services as a trustee will not long be required in any district. Congress have recently passed a bill that will permit states where ever active in taking steps to secure school inspection.

The Public School Inspectors are very enthusiastic in this work and are willing to give all the information they possibly can to assist in the necessary organization or in any other way.

A lady over in the south-west corner of the town sent the following note to a neighbor the other day: "I wish you'd take my garden seed and give them to your beans with my compliment". It will save them the trouble of coming over after them."

By-Law No. 4

By-Law relating to the Issue of Debentures of The Coleman School District No. 1216 of the Province of Alberta.

WHEREAS it is necessary and desirable that the sum of Twenty-Five Thousand Dollars (\$25,000) should be borrowed on security of The Coleman Public School District No. 1216, of the Province of Alberta, for the purpose of purchasing ground, erecting a brick School House, heating, furnishing said building, fencing ground and procuring supply of water, repayable to the bearer in twenty-five equal consecutive annual installments with interest at not more than six per centum per annum.

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE SAID DISTRICT ENACT AS FOLLOWS:

1. That the necessary proceedings be taken under The School Ordinance to obtain the sanction of the Board of Public Utility Commissioners of Alberta to the said loan;

2. That upon the Board of Public Utility Commissioners authorizing, in writing, the Board of Trustees to borrow the said sum of Twenty-Five Thousand Dollars, or any less sum, pursuant to the said Ordinance, debentures of the said District be issued for such amount as is so authorized, payable to the bearer in twenty-five equal consecutive annual installments, with interest at not more than six per centum per annum, payable annually, and said debentures shall be executed by the Chairman and Treasurer of this Board.

Travelling Police Magistrates For Alberta Selected

Three travelling police magistrates have been appointed by the Provincial Government with roving commissions to assist the better administration of law and order throughout Alberta. Their work will be concerned largely with the enforcement of the Liquor Act, but will cover all the magisterial functions as well. Lieut.-Col. George B. McLeod will have charge of the territory west and north of Edmonton; Lieut.-Col. A. K. Hobbins, D.C.M., has been assigned to Drumheller and district; and Major H. P. Burrell, M.C., will cover the district west of Macleod, including the Crows' Nest Pass.

The main reason for the appointment of these travelling magistrates is given as a desire on the part of the government to secure a more efficient observance of the liquor and other laws of the Province. Considerable difficulty has hitherto been found, it is explained, from the fact that local justices of the peace are placed at a disadvantage in dealing with offenders in their own neighborhoods and it has frequently happened, particularly in regard to offences against the liquor law, that too great leniency has been shown. The country J. P.'s, it is said, dislike to try liquor cases, and at the best there has been a lack of uniformity in the penalties. It was therefore decided by the attorney general that a system of travelling magistrates who would not be subject to such disadvantages, should be tried out.

The new magistrates will not supplant the local justices of the peace, who will still have their place in the law-enforcing scheme, but they will be available for all emergency work and for such clean-ups within their districts as may be necessary. They will be eligible for trials of any kind, and will conduct the preliminary trials in important criminal cases at outlying points.

The new magistrates will not supplant the local justices of the peace, who will still have their place in the law-enforcing scheme, but they will be available for all emergency work and for such clean-ups within their districts as may be necessary. They will be eligible for trials of any kind, and will conduct the preliminary trials in important criminal cases at outlying points.

Question of Stock Running at Large in Municipal Districts

Under the provisions of the Municipal District Act Sections 206 to 216 inclusive, authority is given to any Municipal District to pass a by-law with reference to stock running at large. By the Amendments made to the Act at the request of the Hon. A. G. Mackay, Minister of Municipal Affairs, any by-law of a Municipal District with reference to stock running at large, must be submitted for approval of the Minister before it can be advertised as provided for by Section 214 of the said Act, and any Municipal Council that is considering the putting into force of a by-law with reference to stock running at large, should be careful to see that they have the necessary approval endorsed on a certified copy of their by-law before advertising. This was desired to interfere in any way with the business of the Municipal Districts, but for the purpose of protecting Municipal Districts as far as possible, from trying to enforce a by-law which would be illegal, and which would get them into trouble. The following is a copy of the model form of by-law which is being sent out to the Municipal Districts under the instructions of the Minister, so that they may draw up their by-law to accordance therewith:

By-Law No.

A By-Law of the Municipal District of No. for restraining animals at large.

1. No horse, etc., (describe animals to be affected), the property of any person resident or non-resident within the said Municipal District of No., shall at any time be at large in that part of the said Municipal District, particularly described as follows:.....(if it is not desired to restrain animals from running at large in any part of the district, use the words "in any part of the said Municipal District," if, during certain months of the year, substitute certain months for the words "at any time")

2. Any animal at large, shall be deemed to be an animal at large under direct control of the owner or someone acting under his authority, or not confined within any building or lawful fence.

3. Any animal at large contrary to the provisions of this by-law, may be impounded in the manner herein provided.

4. Pounds shall be established as follows: (location of pounds and names of poundkeepers shall be added.)

5. Any fence conforming with the requirements of the Fence Ordinance shall be deemed a lawful fence, (or the Municipal District may define the fence they desire to have as a lawful fence).

6. Notwithstanding anything herein contained, any resident of the said Municipal District may allow.....head of horse or cattle (up to 100 may be allowed or in the alternative up to 500 sheep) to run at large for every 100 acres of land owned by him within said district.

7. The provisions of Section 208 to 215 inclusive of the Municipal District Act, shall be deemed to be incorporated in and form part of this by-law.

The provisions of the Stray Animals Ordinance, the Entire Animals Ordinance, the Hog Ordinance, and the Petard District Ordinance, shall cease to be operative within the said Municipal District on the coming into force of this by-law (if it is desired to retain the Stray Animals Ordinance, or the Entire Animals Ordinance, the one to be retained shall not be mentioned in this section).

8. Any person who suffers or permits any animal, which is entitled to possession of, to be at large within the said Municipal District, shall be guilty of a breach of this By-Law, and shall, under summary conviction under Part XV of the Criminal Code, be liable to pay a penalty an amount not exceeding One Hundred Dollars and costs, and in default of payment forthwith after conviction, shall be liable to imprisonment with or without hard labour for a period not exceeding thirty days, unless such fine and costs, including the costs of trial, are sooner paid.

DONE AND PASSED IN COUPON CIL this day of A. D. 19.....

Municipal District Seal.)

Secretary-Treasurer.

Referring to this model form of by-law, the following points should be carefully noted:

Section 1 refers to "resident or non-resident." If it is desired to make the by-law apply to non-residents only, the necessary change desired should be made.

Section 6 provides for the limiting of the number of cattle or horses or sheep owned and kept within the Municipal District, and no provision can be inserted in the by-law so as to allow the owner of more than 100 cattle, horses or 500 sheep to run at large for each quarter section of land in the Municipal District owned by him.

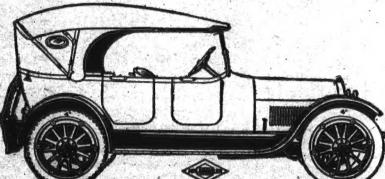

The question of the number that may be allowed to run at large in any Municipal District rests with the Council of the District, but no provision can be inserted in the by-law so as to allow the owner of more than 100 cattle, horses or 500 sheep to run at large for each quarter section of land in the Municipal District owned by him. It should, of course, be borne in mind that it is not necessary for the Municipal

Council to deal with this point at all unless they do so.

It is important that the provisions of the Act in regard to advertising of the by-law should be carefully followed, that is, that any by-law with reference to stock running at large which the Council of the Municipal District intends putting into operation, should, after the form of by-law has been approved by the Minister, be advertised by notice in some newspaper published in the Municipality, or if there be no newspaper published in the Municipality, in some newspaper having a circulation therein. Such notices shall contain a short synopsis of the by-law, and in addition, a copy of the by-law is required to be posted up in fifteen conspicuous places in the Municipality, one of these places being the office of the Secretary-Treasurer.

If within thirty days of the publication of the notice in the newspaper, ten residents electors of the Municipal District petition the Council to do so, the by-law should be submitted to a vote of the residents electors, and a two-thirds majority of those voting is required before the Council can place the by-law in operation.

"Through Five Republics on Horseback," Great Pictures on South America.

We had the pleasure to-morrow of indulging in a walk south end of a North Fork fish. Father Cosman was chef and was assisted by Messrs. O'Neill and Kelly in the early stages of the game, while we assisted very materially towards a glorious finish.

Given under my hand at Blairmore this 12th day of July, 1919.
F. WRIGHT,
Returning Officer.

One guy who visited The Pass from Cowley on Dominion Day remarked that he is of the opinion that The Pass does not need rain, for most everyone he met appeared to be soaked.

It is officially announced that the Prince of Wales will embark on the battleship Renown for Canada on August 5th.

Discuss Formation Of Farmers' Party

Winnipeg.—Future political action was discussed at a session of the Canadian Council of Agriculture. It was ultimately decided that the question of making the political action that has been taken already in the various constituencies in Alberta, Saskatchewan and Ontario federal in scope be left to the provinces to decide when the political boundaries are held. Hitherto only district conventions have been held in the various constituencies. The United Farmers of Alberta have selected July 26 as the date for their provincial convention.

Co-operative action by the Dominion and provincial governments to meet the food shortage in Alberta was suggested. In a message sent to Ottawa the council strongly urged the Dominion government to investigate the matter and take immediate action.

Reports from the different provinces with regard to political action were received, and considerable time was devoted to discussion arising from them. No definite steps on the question of political action was taken at this session, however.

In his report J. B. Musselman, secretary of the Saskatchewan Grain Growers' association, suggested that the time was opportune for calling a convention in which the different provinces which have taken independent political action would be represented. He said that steps should be taken toward consolidating the movement, which heretofore has been confined to the provinces, into a federal one.

An invitation to attend the Liberal convention at Ottawa in August has been received by the council and was given consideration. No decision was given as to whether or not the invitation would be accepted.

Labor Unrest In Italy

Repression of Disorders By Military Methods Resented By Labor Leaders

Rome.—The chamber of labor has proclaimed a general strike as from midnight Tuesday as a sign of protest against the police and military measures adopted by the government to prevent further disorders. The chamber of labor maintains that these measures were adopted to prevent the lowering of the price of necessities, as demanded by the people.

The strike was not quite general, because only the Popolo Romano published the decision of the chamber of labor to call a strike.

The food shops were crammed with people buying provisions in fear of being caught with scanty supplies.

Minimum Wage for Office Help Winnipeg.—The work of the Manitoba minimum wage board is being brought to a close so far as the fixing of minimum wages is concerned, with the announcement of a minimum wage of \$12.50 per week for women in offices, and \$12 to female help in theatres.

It has covered approximately 6,000 women in industry in Winnipeg, and has affected about forty industries. W. J. McMillan, chairman, sent in his resignation to the government, and it has been accepted.

Germans Ratify Treaty With Very Bad Grace

Weimar.—In the debate which preceded the vote of the national assembly ratifying the peace treaty, some strong sentiments against the terms were expressed, and 99 deputies abstained from voting on the resolution to ratify the treaty. Most of the ministers were present at the meeting of the assembly, and there was a full attendance of deputies. Dr. Hermann Muller, the foreign minister, in introducing the government bill, explaining that abstaining from the ratifying order would bring about the lifting of the blockade.

"We are about to open a 40 years' march through dirt," he said. "I can find no other term for the path of suffering fulfillment of the treaty prescribed for us."

Dr. Peter Spahn, leader of the Catholic centre party, said:

"We agree to the treaty under hard compulsion, to save ourselves from anarchy and to preserve the fatherland from internal ruin."

Herr Kreizing, Socialist; Professor Schuckeck, Democrat; Dr. Traub, national party, and Herr Kahl, people's party, all spoke violently pro-

Hidden Bravery To Be Rewarded

Recommendations for Awards Must Be Sent to Ottawa by End of August

Ottawa.—Officers and soldiers of the Canadian Expeditionary Force who displayed gallantry while escaping or attempting to escape from the enemy, or who rendered exceptional services whilst prisoners of war, or interned, are eligible for a reward.

An order of the Militia Department just issued states that recommendations for such reward may now be submitted. The facts supporting each recommendation must be substantiated by statements of evidence from at least two witnesses who have first-hand knowledge of the case, and should reach militia headquarters before August 31. Officers and soldiers who are still serving should submit their claims through the usual official channels. The claims of those who have been demobilized should be presented through the officer commanding the military district in which they live.

Fall Harvesting Starts In Ontario

Crops on the Whole Are Very Poor This Year

Toronto.—Fall wheat harvesting has already commenced in a few counties, according to the Ontario crop report, issued by the department of agriculture.

Owing to the length of straw, some of the grain has been knocked down. In some sections, fears were that grain was ripening too fast, but the yield will be higher.

Winter rye is ready for the binder. Crops on the whole are very poor. Some sections report practically a failure. The fields are uneven, and on account of the dry weather, grain is heading out at a foot and less in height.

Failed To Get Knighthood

Charles Hannan Asserts He Got No Reward for Devising the Smoke Box Screen Defence

London.—Charles Hannan, the author of the invention test of cigarette smoke screens, has asked if the government regarding his claim to be an inventor of smoke boxes against submarine attack.

Mr. Hannan claims his invention was adopted, but that stipulation that the reward should be a "good old-fashioned knighthood and pension equivalent" was ignored.

In February he was informed "it was not found possible to include your name in the present honor's list, but when the next one is prepared you shall again receive consideration."

However, no knighthood was forthcoming, and Mr. Hannan now presents the correspondence to the public.

Many Jews Killed

Ukrainian Anti-Bolshevist Commander Shows Cruelty

London.—Many Jews have lost their lives in the course of the operations by anti-Bolshevik forces, and those of General Gregoroff, chief commander of the Ukrainian anti-Bolshevist army, which has been fighting its way northward from the Black Sea. Cecil Hartnaworth, under-secretary for foreign affairs, said in the house of commons in replying to a question. General Gregoroff, the under-secretary said, was stated to be strongly anti-Jewish in his sympathies.

\$35,000,000 for Six Airships

London.—Six rigid airships of the improved type, representing successive stages of development, are under construction for the British navy, it was disclosed in the House of Commons by Walter Hume Long, First Lord of the Admiralty. These airships, it was stated, would cost £7,000,000.

Hun Mob Releases Prisoners

Berlin.—A mob attacked the castle and the detention prison at Hanover and released all the prisoners in the buildings. The guards, it is said, surrendered their arms without resistance. Some fighting occurred between the crowds and government soldiers.

Troops Overseas Now Total 32,000

London.—With the sailing of the Carmania July 5, with 2,954 troops, and the sailing of the Tunisian on the same day with 2,608 troops, 41,131 Canadians have been repatriated since the date of the armistice.

The number of Canadians overseas, both in the British Isles and France, is now approximately 32,000. This of course, includes hospital staffs.

Britain Has Rivals Amongst Colonies

Preference Within the Empire Only Against Foreigners

London.—Sir P. Houston, member for the West Toxteth division of Liverpool, asked why the South African Government had recently placed in the United States orders for 44,000 tons of rails, 1,000 cars and 250 trucks, and in the U.S. and Canada orders for 70 large locomotives instead of in Great Britain, in view of the necessity of employing the people here and of maintaining Britain's export trade.

Ho. L. C. S. Amery, under-secretary of state for the colonies, said some of these orders had been placed before the armistice had been signed, when it was impossible for Great Britain to supply railway material. British offers respecting the price and date of delivery of the 70 locomotives had been so unfavorable that South Africa had been obliged to go further afield. He was glad to say 40 of them had been ordered in Canada.

Mr. Amery continued that view of Mr. Houston's question, which seemed doubtful, to unintentionally think that it was the South African government should purchase material from Canada rather than Great Britain, he recalled that a policy on which the government of the empire were agreed was that of preference in contracts for produce and manufactures of the empire, and not merely of the United Kingdom.

Great Britain could not expect preference from other empire governments, except as against foreign countries. Mr. Amery said he understood the South African government actually had done its very best to place orders in Great Britain and had negotiated at length with manufacturers.

Reds Prepare To Evacuate Petrograd

Allied Powers Will See Kolchak Movement Carried Through

Washington.—Definite information that the Bolshevik authorities are planning to evacuate Petrograd has been received in official circles here. Decision to quit the capital was said to have been violently opposed by some elements of the government.

Paris.—Approval of a plan for a concerted attack upon Petrograd by Finnish forces and the troops of the Kolchak government at Omsk, was given by the council of five.

A joint note has been sent the military attaches of Great Britain, France, United States and Italy at Helsinki, instructing them to support the Finns, to assist him in the campaign.

There is no indication that the allied and associated powers propose to go farther than the immediate Kolchak plan; but their action in supporting the Finns is regarded as equivalent to assurances that they will see the Kolchak movement carried through.

Helsingfors.—It is reported that all foreign embassies, legations and consulates in Petrograd have been occupied by Bolshevik forces. The archives have been seized, it is said, and those in charge have been arrested and handed over to an extraordinary committee dealing with charges of treason against the Soviet government.

Black Watch—The Best Black Plug Chewing Tobacco on the Market

Emphatic Statement By Sir Douglas Haig on British Army Achievements

London.—Field Marshal Haig, receiving the freedom of Newcastle, deplored the tendency to minimize the British army's achievements in the war.

"It is right to speak of our allies," he declared, "but it was the British army that won the war; it was Britain that bore the brunt of the fighting in the last two years. I hope everyone will realize the fact and stick by the fellows who fought and suffered and their dependents."

Has No Plans for His Future

Toronto.—Sir Thomas White, who is at home here from Toronto for a few days, stated that recent events have appeared, and are appearing, in press, to the effect that he had been offered and accepted an executive position with some railway corporation or bank or life insurance company, were unfair to the men occupying the positions which have been mentioned.

The minister stated that he had made no financial plans whatever for the future.

W. N. U. 1272

Wilson Addresses The U. S. Senate.

Dutch Resent Note

Paris.—The council of five received a reply from Holland in answer to the council's note regarding the reported escape from the Island of Weisungen of the former German crown prince.

The Dutch note, in what were said to be rather curt terms, pointed out that the rumor of the escape was unfounded and expressed surprise at the warning given by the council.

The Dutch government, the reply added, is conscious of its international obligations and must be left to exercise its sovereignty as it sees fit.

Grampian Strikes Iceberg

Two of Crew Were Killed and Two Injured

St. John's, Nfld.—Two men were killed and two injured when the Allan liner Grampian, Montreal for Liverpool, collided with an iceberg off Cape Race Thursday night. The steamer, with 750 passengers and a crew of 350, arrived here for repairs.

The killed and injured were members of the crew, who were asleep in the bow of the steamer when the struck. Virtually all the passengers were awake; but although there were more than 500 women and children aboard, there was little excitement and no panic.

That the Grampian did not suffer the fate of the Titanic, with considerable loss of life, is believed to have been due to the decision of the captain to strike the iceberg bow on instead of taking a glancing blow on the side. The berg, which was very large, was encountered 45 miles off Cape Race in the early evening. When it was sighted through the fog, it was too late to clear it, although the ship was proceeding slowly.

The captain said he realized that a glancing blow which would pass through the ship's side, would sink the course was changed, and the Grampian struck the berg squarely head on. The entire fore part of the ship was smashed above the water line, the stem being driven back nearly 40 feet. The vessel was undamaged below the water line, however, as the portion of the berg which she struck proved to be an overhanging shelf.

It was found that the liner was taking no water and she was headed here, steaming through the night against a heavy gale, which caused anxiety among those aboard. When the Grampian arrived, mariners said, she was the most "berg beaten" that had ever come to this port. Repair will take several weeks, and it is expected that the passengers will be transhipped to another ship.

Raising the Giant Flagstaff

A Douglas fir furnished a giant flagstaff 215 feet high, weighing 18 tons, which was presented four years ago by the British Columbian government to Kew Gardens, near London. The mighty flagstaff is at last to be erected by Canadian hands.

Replace U.S. Troops in Siberia

San Francisco, Cal.—Replacements for American troops in Siberia will be rushed to Vladivostok on a special transport from here July 26, it was announced at headquarters of the western department of the army.

Facing Terrible Cost Through High Taxation

British Army Won The War

Emphatic Statement By Sir Douglas Haig on British Army Achievements

London.—Field Marshal Haig, receiving the freedom of Newcastle, deplored the tendency to minimize the British army's achievements in the war.

"It is right to speak of our allies," he declared, "but it was the British army that won the war; it was Britain that bore the brunt of the fighting in the last two years. I hope everyone will realize the fact and stick by the fellows who fought and suffered and their dependents."

The burdens of taxation will reach an absolutely terrible height. A floating debt of \$2,000,000,000 marks a constant danger, and the removal of this debt is one of our most urgent tasks. There are two ways in which to do it—either its conversion into a funded loan, or its extinction by big sales and a heavy property tax.

It is the desire of the government people not only to buy a state of the world we want, but to achieve an inward

and outward

and

On Every Path

Fight Pictures Fight For Public

Columbus, O.—The Willard Democratic fight pictures may never be seen in public. In Ohio at least, they will not be placed on exhibition. The Ohio censor board officially rejected the pictures as being unfit to be exhibited in public. The probability of the pictures being shown in other states is believed to depend on what construction is to be placed upon the Rodenberg Act, which prohibits fight pictures being handled in interstate commerce.

A Sure Corrective of Flatulence.—When the undigested food lies in the stomach it throws off gases, causing pains and oppression in the stomachic region. The belching or eructation of these gases is often a relief, but there is no way to prevent them in so as to restore the stomach to proper action. Parmelee's Vegetable Pills will do this. Simple directions go with each packet, and a course of them taken systematically is certain to effect a cure.

Confectionery in Ancient Egypt

The invention of confectionery, an Noah, who "first hit on the idea of boiling down the starch of the wheat and the juice of the grape. The result was a paste, said to be the original of our present-day "Turkish delight." Among the ancient Egyptians whole fruits, particularly figs and dates, were used for flavoring purposes, the latter especially for preserves and cakes. In old tombs date sweetmeats have been found, also records of honey jellies. The making of confectionery, in fact, goes back 3,400 years, proof of which is to be found on the walls of Egyptian tombs."

A little widow with dimples is a dangerous thing.

French Favored Cause Of Jews

Asked That Conditions of Absolute Equality Be Granted Jews In New or Enlarged States

Paris.—M. Pichon, foreign minister, replying to a communication from members of the chamber of deputies asking information as to the attitude of France in the peace conference with regard to the Jews of Poland, Rumania and other countries, declares that, from the beginning of the conference, the French government endeavored to secure consideration of the Jewish question and had asked that conditions of absolute equality be granted Jews in new or enlarged states. These efforts, M. Pichon says, resulted in the treaty already signed by Poland guaranteeing complete liberty and equality to Jews in political and religious matters.

Deadline at Kingston

Kingston, Ont.—Negotiations between the metal trades council, representing the Canadian Locomotive Co., and the president have reached a deadlock, and the president has made a final offer of a 45-hour week, \$54 per hour, and the men have rejected the offer, insisting on a 44-hour week.

If you would criticize your boss, get fully a mile away from everybody, then whisper to yourself.

Minard's Liniment Cures Diphtheria

Now, How Did That Happen?—When Harry was out walking with his father, they caught sight of a nigger, who was evidently drunk and displayed the words "Last half Persian fonder rewarded!" Harry gazed at the nigger with a puzzled expression for a few seconds, and then turned to his father and asked: "But, daddy, how on earth have they lost half of the cat?"

Probably no man ever wanted the earth more than the one who is making his first trip across the pond.

Thirteen may be an unlucky number, but one sewing machine and twelve photographs will do the work of one woman.

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to Make a Creamy Beverage for a Few Cents

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beverage. Add one ounce of cream to each quart of this delicious little drink every summer. The mother must be constantly on her guard to prevent these troubles, or if there is no one on suddenly to fight them off.

No other drink can be had to mothers during the hot summer as is Dr. Williams Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the child will prevent summer complaint, or if the trouble does come suddenly will banish it. The Tablets are sold by medical dealers or can be sent in a box from The Dr. Williams Medicine Co., Brockville, Ont.

Just try it! Get four stones or two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

An Open Verdict

No Proof That Police Fired Fatal Shot in Winnipeg

Winnipeg.—That Mike Sokolowski came to his death during a riot on Saturday, June 21, as the result of receiving a bullet wound through the heart, fired by some person unknown, was the verdict of the coroner's jury sitting on the case. The verdict added that the evidence showed that a number of shots were fired by rioters and there was nothing to indicate that the shot which killed Sokolowski was fired by the police.

He had experienced bad luck fishing. On his way home he called at the fish store and said to the proprietor:

"Just stand over there and throw me five of the biggest of those trout!"

"Throw 'em? What for?" asked the man in amazement.

"So I can tell the family I caught 'em. I may be a poor fisherman, but I'm no liar."

The New Way

A little four-year-old of Plainfield, who is most emphatically opposed to having her face washed, said to her grandmother the other day:

"I am not going to wash my face any more."

When asked for an explanation, she said, "I've decided to have it dry cleaned."

King Ludwig of Bavaria, who complained that he has no place to lay his head, evidently hasn't thought of resting it on the old Kaiser's bosom.

Detroit Journal.

Cut Down Butter Losses

AS long as your butter is to your possession, you can save money if it is shipped in barrels over land or sea.

EDDY'S INFLAMMABLE BUTTER TUBS

afford greater safety in transporting butter than any other method. They are impervious to salt air and are easily cleaned and disinfected. They are light and compact, and afford ample space for the storage of butter. While they are so durable that they can be used over and over again.

Anarchist Plot In Rome

Central Part of Ancient Capital Was to Be Attacked By Bombs

Rome.—An anarchist plot to attack the central part of Rome by means of hand grenades and other explosives has been exposed by the arrest of sixteen of the conspirators four hours before the time fixed for carrying out their plan.

About the same time thirty anarchists motored to Fort Piattala, four miles from Rome, and tried to induce the garrison to join in an attack in the Rome market place. The soldiers fired on the anarchists and seized several of them. The others fled. The city remains tranquil.

Wouldn't Stay Down

A British steamer, the Ravestown, arrived in Boston Harbor with a record of having been towed around and sunk three times. She was attacked 28 times and sank three submarines.

Taking the example supplied by this ship and applying the slogan of the Salvation Army, "A man may be down, but he's never out," one can form quite a decent model upon which to build his life.

It's usually safe to say that when a child is pale, sickly, restless. These

children stand a chance of getting diseases, causing serious disorders of the digestion and preventing the infant from deriving sustenance from food like Miller's Wine Powders, by destroying the intestinal membranes, faults of the digestion and serves to restore the organs to healthy action.

Austria Stands Alone

Paris.—The Austrian government has given up, at least for the time being, the idea of a union with Germany. Dr. Otto Bauer, the secretary for foreign affairs, declared in a speech delivered last week at the congress held by the council of workers, according to the Vienna correspondent of the Temps.

"If you must kiss a baby," says a medical writer, "the back of the neck is the safest place." We always thought that was what you lifted them up by.—London Opinion.

A superstitious man is the one who imagines that others think as much of him as he does himself.

When you hear a girl speak of a young man as a heel—well, you can draw your own conclusions.

A Ready Weapon Against Pain.

There is nothing equal to Dr. Thompson's Electric Oil when well rubbed in. It penetrates the tissues and pain disappears before it. There is no known oil or ointment that acts so quickly or so powerfully as this magic Oil. In consequence it ranks first among liniments now offered to the public, and is accorded first place among all its competitors.

Hindry Makes Appeal

Copenhagen.—Field Marshal Von Hindenburg, former chief of the German staff, has written Marshal Foch appealing for his support of efforts to prevent the extradition of the German emperor. Von Hindenburg offered also to place his person "fully and absolutely at the disposal of the allied powers."

Labor Will Try the Polls

Winnipeg.—Leaders in the recent strike against the flour millers have given up the idea of aiming to secure the establishment of a six-hour day, according to J. L. McBride, business agent of the electricians' union and a member of the strike committee.

When asked how he would bring this about, he replied: "At the polls next November and in a constitutional way. When you start out to beat the law, you simply can't do it, and some of us always knew it."

Says a rural editor: "A smart man is never a success as a fisherman. We tried it ourselves."

Royal Message By Dirigible

First British Airship to Cross Atlantic Brings Greetings to Canada

Ottawa.—The first British airship to cross the Atlantic brought a message of good wishes from the King to the people of Canada. The message was addressed to His Excellency the Governor-General, and reads as follows:

"Buckingham Palace, June 28th, 1919. To His Excellency, "June 28th, 1919.

"To the Duke of Devonshire, K.C., G.C.V., Governor-General and Commander-in-Chief of Canada.

"I take this opportunity of sending by the first British airship, R-34, to the people of Canada from the old country.

"Signed, "GEORGE, R.I."

The mere fact that a man doesn't call you a liar is no reason that he doesn't think you are one.

President Wilson Favors Trial

Stated That He Agrees With Decision to Try Ex-Kaiser in London

Paris.—The question of the trial of former Emperor William was on the program for discussion by the Council of Three for several days while President Wilson was still in Paris. Reuter's Paris bureau declares in an article regarding recent statements by the members of the United States peace mission that Preuer Lloyd George's statement on the subject in the House of Commons had come as a surprise to them.

Reuter's, which says its information comes from authoritative conference sources, adds, however, that because of more urgent business coming up, the discussion of the question by the council was postponed. Nevertheless, the agency declares, it is the view of President Wilson had impressed him strongly as to the place for the holding of the trial, and it asserts that there is every reason to believe he was fully cognizant of the decisions to try the ex-emperor in London.

Consider Bulgar Peace

London.—General Creteen, commander of the allied forces in Bulgaria, has informed the Bulgarian premier that peace delegations from that country would be called to Paris soon, and that the Bulgarian government is invited to nominate a delegation according to a Sofia dispatch to the Exchange Telegraph.

Black Watch—The Best Black Plug Chewing Tobacco on the Market

The King And The Sailor

Jean Bart Was As Ready to Defy Edelweiss as to Brave the Atlantic Gales

It was in the Palace of Versailles that Jean Bart, the noted private captain, was presented to the French King whom he had served in various wars. He was given a coat of seals to wear, a sword to defend, a place to the right of the King, and, to the horror of the courtiers, pulled out his pipe and lit up. Then the King came in, and, not knowing what else to do, told the gallant skipper that he might go on smoking. Then: "Jean Bart," said His Majesty, "I have just promoted you to the rank of Commodore."

"Sir," replied Jean Bart, "you have done the proper thing."

Minard's Liniment Cures Colds, Etc.

Waited Forty-Nine Years

To Be Freed From Mailed Fist of Germans

Paris.—"We have waited 49 years for this moment," exclaimed Premier Clemenceau as he opened the fatal dispatch announcing that Germany would sign the treaty.

"For forty-nine years," he continued, "the mailed fist of the Retire (German trooper), who has governed Germany, has menaced the world. Whether the man's name was Bismarck or William II, it was still the same Retire of the middle ages, surrounded by soldiers and drunk with pride."

"Be careful; remind the world that it is living on a barrel of that powder."

"This Retire's dogma was that might is right, that a state's only obligation is its own interest, that treaties do not exist when they clash with the interest of a state, and get rich by any means."

"We know from witnesses who were at the side of William II, that when he learned of the Sarajevo tragedy, he posed as a keeper of the peace, cried:

"The hour has struck. Now we shall see what an army is."

To Suppress Sinn Fein

All Sinn Fein Organizations Proclaimed at Dublin Castle as Unlawful

Dublin.—A proclamation has been issued from Dublin Castle declaring all Sinn Fein organizations and Irish volunteers in the county of Tipperary unlawful associations.

This announcement is made in a memorandum by the chief secretary for Ireland, enumerating a series of crimes and offences in the past year and stating that as the measures already taken have failed to check the Sinn Fein's criminal activities, "the government is compelled to suppress the organizations."

Kloseman: Let me give you a piece of advice.

Knox: What's the matter with it?

Boston Transcript.

THINK A MINUTE

WHAT is your doctor's first question? Why does he suspect constipation?

Because 90% of his patients are suffering from ailments caused directly or indirectly by the action of poisons formed in a sluggish intestinal tract.

These body poisons are absorbed by the blood, and carried all over the body until the weakest organ, unable to withstand the poisonous contact, becomes infected and refuses to act properly. Unfortunately, it is usually not until then that the doctor is consulted and asked to treat the diseased organ.

The surest way of purifying the blood and preventing the formation of these destructive body poisons is to prevent stagnation of food waste in the intestinal tract—prevent constipation.

Constipation is not a matter to be taken lightly or neglected. Nor is it either sufficient or safe to take castor oil, salts, mineral waters, etc., in order to "force" bowel action. Such action does not cure constipation, it makes constipation a habit.

Nujol is entirely different from drugs as it does not force or irritate the bowel. Nujol prevents stagnation by the action of the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and painless to take.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist.

Warning: bottles bearing the Nujol Trade Mark. All druggists in cities on Nujol. You may suffer from substitutes.

D. L. McCrea with a party of friends motored up from Pincher Creek on Wednesday afternoon.

Mr. and Mrs. Michel Ross left for the Coast on Tuesday morning. They expect to be absent about a month.

Mr. and Mrs. F. C. Manning, of Calgary, are visiting with Mr. and Mrs. Harry Burns at McLaren's mill for a few days.

The people of Coleman took a rather wise stand when they refused to allow a punk circus to operate in that town.

Miss H. Gavelin returned to Granum on Sunday night, where she resumes her duties as teacher in a rural school.

A heading in an exchange reads: "Battle-scarred veterans will parade on Peace Day." Should have read "battle-scarred".

It is predicted that among the exports that will show a large increase in Canada's next trade report will be Bolsheviks.

Messrs. Randall and Link have moved into their new quarters in the Ross block just west of Montebello's, and are now open for business.

P. Burns & Co. have opened an office in the Enterprise building, which will be made the headquarters of Mr. O'Neill, the district accountant.

One million sheep and about one hundred and fifty thousand head of cattle have been drowned in floods in the southern part of Buenos Ayres.

G. G. McCollom and party returned from Waterton Lakes on Monday morning. A special conveyance of the big fish reached town a few hours later.

The death occurred at Macleod on July 15th, of Mr. James Washington, aged 43 years. Mr. Washington was a brother of Mrs. Samuel Ennis, of Blairmore, and was one of the pioneer residents of this district, coming here in about the year 1902. The remains were brought to Blairmore by Wednesday morning's express and interment took place from the residence of Mr. and Mrs. S. Ennis this afternoon.

Mr. and Mrs. G. G. McCollom and party returned from Waterton Lakes on Monday last; having had an enjoyable and successful outing. We understand that the Dominion Government has awarded Mr. McCollom the coveted bounty for having removed a fish which has blocked the narrows and obstructed navigation in the lakes for the past fifteen years. The tail of this big fish was located protruding through the sod about twelve feet north of J. W. McNicholl's summer cottage.

The Calgary stampede will be held this year from August 25th to 30th.

The Union Sunday School annual picnic was held yesterday on the sports grounds.

The Red Cross branch at High River donated \$50 to the Frank military hospital.

W. J. Howe has moved into new quarters at the rear of the Blairmore hotel building, where his sign, "The Better 'Ole" announces that he is ready for business.

Passengers from the Steamer Grampian, which last week collided with a Newfoundland sentry, have been transferred to the Empress of Britain, and are now continuing their journey across the Atlantic.

Premier Borden refused to accept the resignation of Hon. W. A. Buchanan, Unionist whip. So many whips have declared their intention of resigning that chances for a whipping are very small for Premier Borden.

Doctors of the Crows' Nest Pass are looking up the medico's dictionary to find a name for the sickness now prevalent among the idle men of District 18. One name already suggested is christopher-contemptibus.

Fish stories are not in with Porkey's bear story. Porkey and Benson and Lewis cruised up the Burns' Creek valley at an early hour on Tuesday morning in quest of fish. Just near the falls they were attracted by the movements of a large dark object which appeared to be watching a fish in the pool. Porkey jumped from the ledge on which he stood clear on to the bear's back and after a brief struggle managed to bulldoze the cub into the deep pool. Porkey got his prize, keeping its nose below water until the animal had sufficiently inhibited to know no more; then paddled his ship towards shore. The animal was dressed by Mr. Benson and tipped the scales at 93½ pounds.

Get your season tickets for the Chautauqua from any of the following committee members: A. J. Blais, R. L. McMillan, W. P. Williamson, A. C. Beach, J. E. Gillis, H. S. McDonald, L. Dutti, W. J. Bartlett, W. G. Pearson, Raoul Green, T. P. Robert, Harry Gage, Rev. H. Peters, C. J. Tompkins, W. L. Huston, F. J. Smith, G. G. McCollom, J. A. McDonald, G. E. Cruikshank, E. M. Vis. Stanley and family and Rev. Mr. Gordon, of High River, motored through The Pass this week, enroute to the coast.

While ploughing, a Wyoming farmer dropped a barrel deep into a barrel of whiskey someone had cached on his farm against the coming of the drought.

WAR VETERANS WANTED. In every district to represent our firm. Experience unnecessary. Pleasant work and liberal pay to live wires—J. D. H. Bousquet & ASSOCIATES, Edmonton, Alta.

The preacher in one of our local churches on Sunday evening last, after preaching a powerful sermon in which he denounced the government for not strictly enforcing prohibition, announced that hymn 226 be sung and asked that the congregation join heartily in the well-known and popular chorus: "Let the little moonshine in!"

The popularity of the minstrel form of entertainment will never die out as long as such companies as the Harvey Greater Minstrels of forty really clever and talented people provide the entertainment they do and for the popular prices they do. A noon-day parade is made daily, the wardrobe for the men and women far exceeding anything ever worn in a similar parade. This company will be at the Blairmore Opera House Wednesday July 30th.
